ASM-TEST-123456

POLICY VERSION
v1.4.2

DECISION OUTCOME

APPROVE

RISK LEVEL

LOW

RISK SCORE

26%

FINANCIAL RECOMMENDATION

RECOMMENDED AMOUNT
ZMW 5,000.00

TENOR / DURATION
90 Days

INTEREST RATE
15%

IDENTIFICATION STATUS
Provided (NRC)

RISK ASSESSMENT FACTORS

- Strong affordability: Debt-to-income ratio is within safe limits.
- Stable transaction history: Suggests consistent financial behavior.
- Term compliance: Short-term request aligns with liquidity pools.
- Clean risk profile: No critical high-risk flags detected.

POLICY JUSTIFICATION

The applicant demonstrates highly consistent transaction patterns. Monthly income significantly exceeds requested debt service obligations.

This decision was generated automatically by the system based on predefined policies. It serves as decision support, and the final lending decision remains with the institution.
